

## AnySoftKeyboard for Songhay Installation and Setup Process

### Summary

The process of installing and using songhay keyboard for AnySoftKeyboard on Android phone consists of 3 steps:

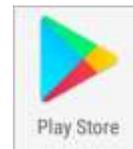

**Step 1:** Install Songhay for AnySoftKeyboard from the **Play Store**.

**Step 2:** Install the main AnySoftKeyboard pack from the **Play Store** and set it up automatically

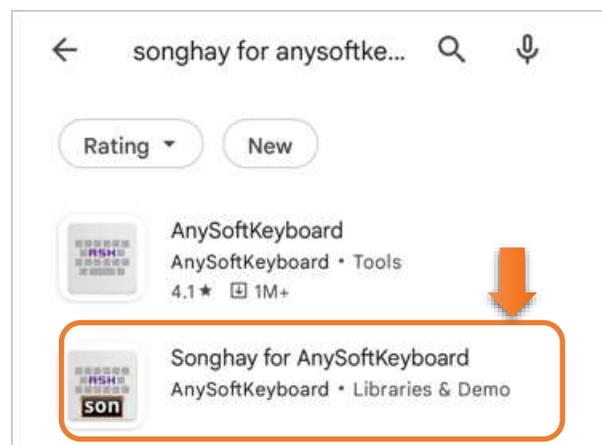

**Step 3:** Using the Songhay keyboard on Android device.

### Step 1: Install Songhay for AnySoftKeyboard from the Play Store.

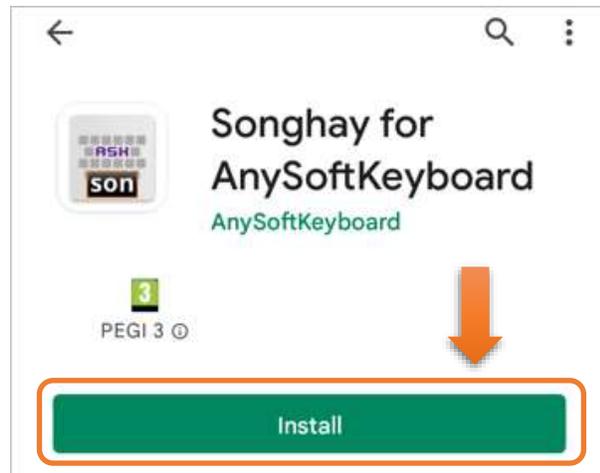

1. Open the Play Store

2. Search for the keyword “**Songhay for AnySoftKeyboard**”. Once found, click on it.

3. Click **Install**

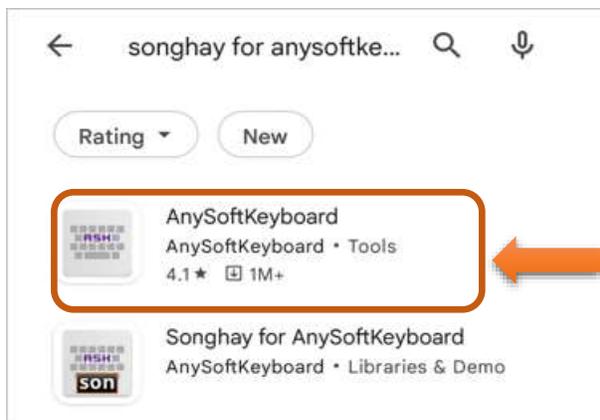

4. Once the installation is complete, click the arrow to return to the previous screen.

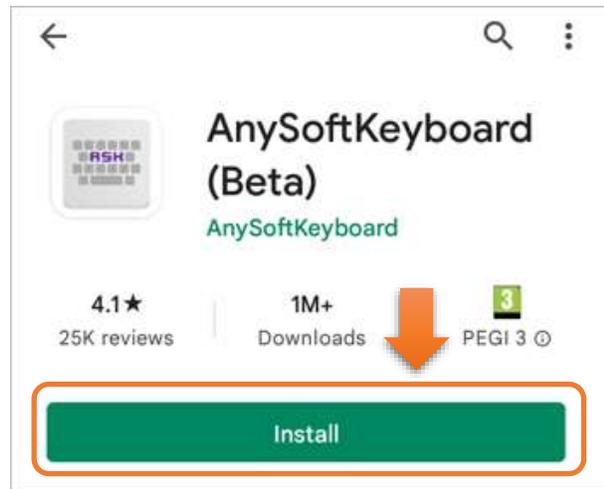

**Step 2:** Install the main AnySoftKeyboard pack from the **Play Store** and set it up automatically.

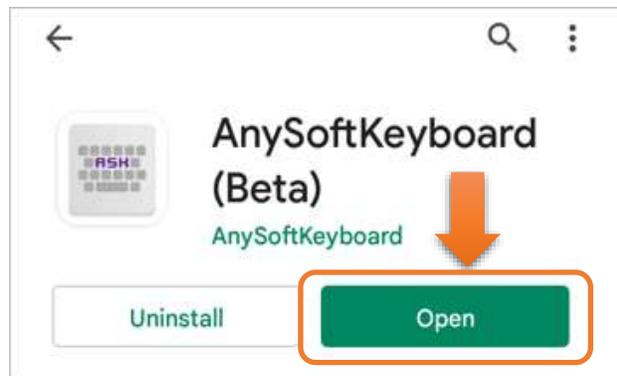

1. Click on the **AnySoftKeyboard** app (the one without any language reference) – It should be the first in the list as shown on the picture.

2. Click **Install**

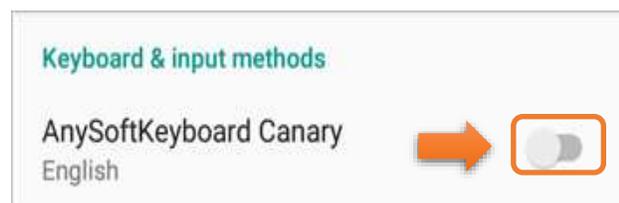

3. Once the installation is complete, click **Open**.

4. Click **Go to your Language&Input settings...**

5. Toggle the button to activate **AnySoftKeyboard**

6. If you get this alert, click **OK**. If not, go to the next step.

### Attention

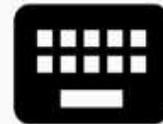

This input method may be able to collect all the text you type, including personal data like passwords and credit card numbers. It comes from the app AnySoftKeyboard Canary. Use this input method?

CANCEL

**OK**

7. Click **Switch active keyboards**

### Switch to AnySoftKeyboard

 **Switch active keyboards**

Your system can use *AnySoftKeyboard* now, but it is not set as the active keyboard. By switching, *AnySoftKeyboard* will be your new on-screen keyboard, along with all its features!

8. Click the radio button to select **AnySoftKeyboard**.

The installation and setup are now complete.

### Switch to AnySoftKeyboard

 **Switch active keyboards**

#### Change keyboard

English  
AnySoftKeyboard Canary

### Step 3: Using the Songhay keyboard on your Android device.

- From now on you can use the Songhay keyboard and switch between English and Songhay.
- The active keyboard will appear on the space bar.
- You can also install additional languages and switch between languages as needed.
